

## **Accelerating the Pace of Health and Medical Research**

### **National Health and Medical Research Council - February 2006 Update**

The National Health and Medical Research Councils Committee has announced that it is restructuring the way it funds health and medical research. Information Sheets 1 & 2 have been provided to keep stakeholders up to date with these changes. Since the changes were announced there have been some key developments in the current national and international health and medical research environments . "Accelerating the Pace of Health and Medical Research - Feb update" outlines these developments and is now available on the NHMRC website at: <http://nhmrc.gov.au/about/committees/rc/acce.htm>
