YOUR VOICE ON HEALTH

DEVELOPING A CULTURALLY AWARE HOSPITAL

Health Consumers' Council (HCC) in partnership with Fiona Stanley Hospital (FSH) invites FSH staff, health care and other service providers and health consumers to attend this free forum to explore ways to develop hospital services and patient care strategies that respond to cultural diversity.

The Panel will consist of people from various cultural backgrounds and areas of service provision who will share their knowledge and experience around culturally aware practice, building culturally inclusive services and discussing the importance of cultural awareness in best practice. There will be opportunities to ask questions of Panel members as well as networking. The outcome of this forum is to formulate recommendations regarding best practice at FSH.

The forum will be co-facilitated by Louise Ford, Consumer & Community Engagement Manager, (HCC) and Michelle John, Customer Liaison Service Manager, Fiona Stanley Hospital.
